As winter pushes into the Dover area, temperatures plunge and we shiver. Coming to the rescue of many folks are the ladies who comprise a group called: Quilting For Others. Using the patchwork design, these ladies create colorful and warm quilts for various people, including many veterans. Giving of their time and talents, the ladies all take great pride in the efforts put forth to assist others in the cold weather season. All quilts are donated to those in need. The members of Del Rods were happy to donate \$200 to assist them in their goal of making 20 quilts for veterans, this year. Pictured below, accepting the donation from Warren W. Hensley, are Robin Aschenberg (center) and Ann Fischer (right).
