Dover: Del Rods Car Club of Dover brings music to Dover Place

During the Christmas season, a lot of things bring us joy. Music has a somewhat magical affect that can transform us to a feeling of happiness. Perhaps more importantly, music brings back memories of long ago.

Kyla Gloeckler, Life Enrichment Coordinator at Dover Place Senior Living Community along with Nancy Yerger of The Del Rods Car Club have found that, in some cases, music therapy can assist those who have experienced significant memory loss. Members of The Del Rods Car Club of Dover donated some MP3 players along with gift cards which will allow songs selected specifically for individual residents, to be loaded onto the MP3's. The units are then given to a resident for their unlimited listening pleasure and perhaps, some recollection of times gone by.

Pictured below are from left: Kyla Gloeckler, Dick Yerger of Del Rods, Virginia Kelly, Executive Director at Dover Place, Nancy Yerger, Warren Hensley and Mary Ellen Knotts of Del Rods.
