When is a farm truck NOT a farm truck?

Del-Rods member Freddie Moor may have the answer. But, first, let's look at how this came to be.

In 1946 Freddie's Great Uncle bought his new Chevrolet truck, never knowing just how long it would serve the family. Caring for his truck for 70 years or so, Freddie's Uncle allowed no changes to be made. To this day, this Chevrolet is original. In 2002, Freddie became the owner. He is determined to keep his 1946 Chevrolet in factory condition. When you look at this truck, you see the result of pride of ownership and top shelf care. Says Freddie, "I intend to keep this truck in the family and pass it along. It's a great joy to own."
